

Mrs Susan Wieteksa, MBA

Sue Wieteska has been head of the Advanced Life Support Group (ALSG) since its inception in 1992 and had worked with the same clinical team prior to that for 2 years. Training originally as a bi-lingual secretary, Sue's early career helped her to develop a skill set and the experience to take on the ALSG role after five years at home raising a young family.

On a day-to-day basis, Sue is responsible for the strategic management of ALSG. The knowledge gained during the Open University MBA she completed in 2002 supported Sue in growing ALSG from a very small local charity to an international one with 25 employees and over 6,000 volunteers around the world.

In this role, Sue has been involved in the development and implementation of all of ALSG's training programmes and has a passion for ensuring that those responding to emergencies have the knowledge and skills to do so confidently and safely providing the best outcome for patients.
