

MedicALS Course Equipment List

		Number required
<i>Audiovisual</i>	Powerpoint Slide Projector or SMARTBOARDS	4
	Screens	4
<i>Demonstrations and simulations:</i>	See separate list of simulation equipment below	1 of each for demos 4 for simulations
<i>Airway Management</i>	Adult intubation head	1 set for each simulation: 1
	Laryngoscope handles	1
	Adult blades size 3	1
	ET tubes 6.5-9.5 cuffed	1 of ea.
	Airways 1 – 4	1 of ea.
	Stethoscope	1
	Magills forceps adult	1
	Bag/valve mask adult	1
	Intubation stylets large	1
	Yankauer sucker adult	1
	Oxygen mask adult	1
	Pocket masks	1
LMAs	1	

Equipment for MedicALS Simulations (1 set per group)

<i>A Airway (+/- Cervical spine control)</i>
Range of Cervical Collars
Head blocks & straps
High flow Oxygen mask (with in-line ball valve to measure Respiratory Rate)
Tubing for O ₂ mask
Pulse Oximeter finger probe
<i>B Breathing</i>
Stethoscope
<i>C Circulation</i>
ECG monitor
Heart Sim®
Monitor lead stickies
Defib pads
BP measuring device
Tourniquet (for IVI insertion and venesection)
Venflon® or equivalent sizes 14G/16G/18G

2.5cm Micropore® Tape to secure lines Giving sets 1 litre IV fluid bags (Hartmann's or Ringer's) Blood Bottles for Liver/Renal/ FBC/ Clotting/Glucose and X match tests Stylets and BM stix®	
<i>D Disability</i>	
Pen torch	
<i>Secondary Assessment</i>	
Ophthalmoscope Auroscope Tuning fork Coloured pins for visual fields Cotton wool balls Sterile needles	
<i>Miscellaneous</i>	
Trolley Pillow Blanket/sheet Drip stand Latex Gloves S/M/L
