

# NAPSTaR Equipment List

Station	Equipment	No. Required per station
All Lectures	PowerPoint slide projector, screen & computer	1
ACCE	ACCEPT Principles poster with relevant section highlighted projection screen set of instructor notes	1 1 1
Communication1 & 2	Lego Classic set code 10696 <a href="https://www.lego.com/en-us/themes/classic/products/lego-medium-creative-brick-box-10696">https://www.lego.com/en-us/themes/classic/products/lego-medium-creative-brick-box-10696</a> set of patient cards projection screen set of instructor notes	1  2 sets 1 1
CBD: Mobile environmental physiology	projection screen set of case studies	1 1
CBD: Movement and safety	projection screen set of instructor notes	1 1
CBD with invited contributions: Untoward events	projection screen set of instructor notes	1
Equipment tips tricks and pitfalls workshop	BabyPac ventilator (if available) oxygen and air cylinders with schraeder valves paediatric circuit Micro HME test lung Braum space perfusor syringe pump Asena cc syringe pump small volumetric pump syringes lines	1 1 1 1 1 1 1 1 1 assortment assortment

Station	Equipment	No. Required per station
<b>Scenario 1,2 &amp;3 Neonatal</b>	neonatal term intubatable manikin with moveable chest tubed	1
	neonatal term intubatable manikin with moveable chest un-tubed	1
	<b>Equipment to prepare manikin:</b>	1
	laid in overhead incubator/resuscitaire	1
	laid on trans warmer mattress (if available)	1
	hat and nappy on	1
	cord in abdomen (infusion of morphine and dextrose in uvc)	2
	2 peripheral lines in (10% dextrose infusion in one iv line)	1 of each
	pre and post-ductal saturation leads on	1
	saturation monitor on right hand	1
	nasal cannulae inserted and securing equipment	1
	monitor screen/ipad	1
	<b>Also need:</b>	1 of each
	2.5, 3.0, 3.5 diameter ET tubes and introducer	3
	ECG leads	4
	infusion pumps	5
	50 ml syringes	5
	giving sets for fluids	5
	500 ml bags saline	1 of each
	assortment of syringes 2/5/10 ml sizes	1
	BabyPac ventilator, tubing and neonatal circuit	1
	drug chart, formulary and calculator	1
	saline vials labelled as:	1
	• Dopamine	1
	• Dobutamine	1
	• Surfactant	1 of each
	green and blue needles	1
	T-piece	1 of each
oxygen and air cylinders with schraeder valves	1	
micro HME	1	
test lung	1	
bag valve mask	1	
ng tube	1	
stethoscope	1	
laryngoscope	1	

Station	Equipment	No. Required per station
<b>Scenario 1,2 &amp; 3 Paediatric</b>	paediatric manikin tubed paediatric manikin un-tubed APLS scenario box IV bags with drip set central venous line nasogastric tube and bag urinary catheter and bag infusion pump, fluid, giving set and syringe (Pump not critical) Saline vials labelled as: <ul style="list-style-type: none"> <li>• Prostaglandin</li> <li>• Vassopressin</li> <li>• Nor Adrenaline</li> <li>• Enoximone</li> <li>• Milrinone</li> <li>• Salbutamol</li> <li>• Propofol</li> <li>• Dextrose</li> </ul> 5 point harness Transfer kit from expert team (if available)	1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1

Station	Equipment	No. Required per station
<b>Scenario 1,2 &amp; 3 Adult</b>	Adult manikin 1x tubed where possible	1
	Adult manikin 1x un-tubed	1
	<b>Equipment to prepare manikin:</b>	
	Endotracheal tube, secured	1
	End tidal CO2 monitoring	1
	Catheter mount and in-line suction	1
	Head blocks and hard collar	1
	Ventilator	1
	Monitor	1
	R chest drain and underwater seal bottle	1
	Multi-lumen central venous catheter	1
	Line for noradrenaline	1
	Line for sedation	1
	Line for atracurium/cisatracurium	1
	Peripheral venous cannula line for iv fluid	1
	Peripheral venous cannula line for iv insulin	1
	4-5 syringe drivers with 50 ml syringes	1
	Bag of fluid and giving set	4-5
	NG tube	1
	Feed bag and giving set	1
	Arterial line	1
	Urinary catheter and collection bag	1
	Sheet and blanket	1
	Transport ventilator and monitor	1 of each
	Oxygen cylinder	1
	Flutter valve for chest drain	1
	Trolley	1
	Airway box containing:	
	• Endotracheal tubes 6.0mm- 9.0mm uncuffed (in 0.5mm steps)	1 of each
	• Laryngoscopes plus spare bulb and batteries	
	• Yankauer suckers	
	• Soft suction catheters	1
	• Oxygen mask with reservoir	1
	• Green O <sub>2</sub> bubble tubing	1
	• Self inflating bags and reservoir	1
• Face mask: various adult	1	
• Short catheter mount and connectors	Various	
• 3 way tap	1	
• Tongue depressor	1	
• Syringes various sizes	1	
• Stethoscope	1	
• Tape	Various
